Endura Products, Inc., a national manufacturer and distributor of entry door frame components, located in Colfax, NC, has been using the services of Mike Hawks and ABC logistics since 1988. During this period, ABC logistics has been able to negotiate favorable carrier rates, minimize our fuel surcharges, and keep us operating at a high service level.

ABC has been an integral part of our business and a true business partner. They understand our business and are there to advise us daily on our logistical needs. As a client of ABC, we have been the beneficiaries of timely, accurate and useful reporting. Their freight payment process has acted as an efficient and reliable extension of our internal Accounting department.

I would highly recommend their services.

Sincerely,
